

# 2018 Week of Respect

Every day is RESPECT day here at The Shore Center - we just focus a little more closely on it this week with the following activities:

## Monday, October 1 Respect our School

How can you help be a friend to the school? Can you pick up a paper towel on the floor? Can you hang a picture that fell off a bulletin board? Can you help another teacher or class with a project? Maybe the library and pre-voc materials need some assistance. Let's respect our school together!

## Tuesday, October 2 Respect the Earth!

Take a walk outside and pick up some litter. Weed your garden and plant some bulbs. How can you show the Earth we respect her and all she provides?

## Wednesday, October 3 Respect each other!

Wear BLUE and WHITE today, our school colors, to show your respect toward one another. Let's see how many RESPECT tickets you can earn today by being good friends, helping one another and respecting one another's strengths and differences!

## Thursday, October 4 Respect our custodians!

Let's help Mr. Kenny, Mr. John and Mr. Al keep The Shore Center beautiful! Can you show them you respect how much they help us by helping them? Clean your desks and tables, toss your trash or sweep your messy floors!

**Friday, October 5**  
**Respect YOURSELVES!**

Today focus on how you can be the very best YOU you can be! Get some exercise to show respect to your heart - go outside for a walk and play some active games during recess. Have a healthy snack today to show your body you respect all it does for you each day!
